

MESSAGE

In compliance to the Central Vigilance Commission (CVC) directive Vigilance Awareness Period is being observed in Central Coalfields Limited from 25th October to 1st November 2010.

The central theme for this year's Awareness Period is 'Generation of Awareness and Publicity against Corruption'. In view of this, there is a need for awareness amongst all the employees of the company. Awareness should not be restricted to this period alone. It is a continuous fight against corruption.

I believe that involvement of each and every one of us is an integral part of any success to fight against corruption. To be credible as well as effective and sustainable, each one of us has to be involved for the fight against corruption. Let us, therefore, pledge to control corruption and try to find out best suited ways to address it.

The nation expects a lot from us and let us not fail them. We should take a pledge to discharge our duties "without fear & favor". This should be demonstrated in letter & spirit while taking decision or performing duties.

I wish you all, the very best in life.

Vismita Tej
