

MESSAGE

This year the Vigilance Awareness Week is being observed from 31st Oct. 2011 to 5th November 2011.

The main theme for this year's Awareness Week is "**Participative Vigilance.**" Awareness has to be created so that all the stake holders are encouraged to fight corruption by standing up against it. By ensuring "participative vigilance" we should generate and create awareness so that all the stake holders have the moral conviction to say "no" to corruption. To root out widespread corruption, full and effective participation of all the stake holders is required. In this context, "participatory vigilance", becomes the most effective tool in the fight against corruption.

Hence, let us all pledge to build within ourselves a sense of strong internal integrity to curb the evil of corruption.

I wish each one of you the very best in life.

Vismita Tej.
